

# Local Volunteering Opportunities

Updated March 9, 2024

One of the blessings of living in Penn National, especially for those who are retired but even for those who are not, is that there are many opportunities to be enjoyably involved in helping others. Volunteering is also a great way to get to know your community and your neighbors.

If you know of other opportunities that should be listed here, let us know by calling or sending an email to Pam Curro, [pam@thecurros.us](mailto:pam@thecurros.us), 717-352-6432.
